DETAILED ACTION

Miscellaneous Matters

(1). Consent of Assignee

The Consent of Assignee filed March 25, 2002 is missing a name and signature of the person authorized to sign it; it appears that a second page is missing.

(2). Declaration

Both the original and the supplemental declarations do not clearly, properly identify the specification to which the reissue is directed because the title thereof does not correspond to that of the patent. However, since the original declaration does identify the inventors and was filed the same day as the specification, condition (A) of MPEP 602 VI is satisfied. For clarity, the examiner requests correction of these items.

Allowable Subject Matter

Claims 1-23 would be allowable if rewritten or amended to overcome the rejections, set forth in this Office action.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 3765

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
